

COVID-19: Response & Guidance

We're Here to Help You and Your Employees Adjust to a New Normal!

We realize you are all are eager to return to normal activities within the workplace and thus, following the CDC recommended PPE and social distancing guidelines. As you begin to incorporate new protocols for going back onsite, please know we are here to support you and your employees. Should you be ready for your educator to resume or commence their onsite schedule, we've implemented additional measures for your safety. Thank you for your trust!

Gilles Hudelot,
Director of Education

Mentoro Safety Measures

Onsite Meetings

Group Meetings

- Request minimum 6ft between the presenting Mentoro Educator and the audience
- Request that participants wash hands or use hand sanitizer before meeting
- Request that participants wear masks
- Recommend that participants social distance in the audience

1:1 Consultations

- Request that the 1:1 consultation meeting space be large enough for at least 6ft distance between the Mentoro Educator and the participant, with good ventilation
- Request that participants wash hands or use hand sanitizer before meeting
- Request that participants wear masks - the Mentoro Educator will wear a mask

Additional information

- Please discuss any additional virtual broadcasting needs or onsite logistics with your program contact.
- We will follow any government issued travel restrictions which may impact our ability to visit all locations.
- Updates to this document will be made in accordance with any new COVID-19 recommendations by the CDC.
